CIRCULAR

Digitization of Rare and Copyright Free Books (pre-1954 publications)

Allama Iqbal Library has started an ambitious project of Digitizing Rare and Copyright free books available in Kashmir, Jammu & Ladakh (*pre-1954 publications*) for future preservation. So far, we have digitized more than ten thousand books. In this regard, you are requested to get the rare collection available in your personal library like books, Journals, maps and other printed material in any language digitized (electronic copying) at Allama Iqbal Library free of cost. Further, you can digitize your own publications which you have written or edited including recent ones provided you have no objection and want to increase the visibility of your writings at global level to benefit the society at large. After identifying the books for digitization, the concerned team shall be allowed to take the books to the Allama Iqbal Library where we have proper facilities for digitization. After this process same shall be returned back to you within couple of days. Proper register shall be maintained for taking books from your possession to Allama Iqbal Library. A copy of your Digitized collection shall be provided to you without any charges for future preservation and access.

For further details or any clarifications, please feel free to contact:-
